CONNECT. INFLUENCE. SUPPORT

The Chamber was established on 25 July 1881 at Mansion House in the City of London with 130 members. A number of these firms or their successors still play a role in London Chamber today.

Our Purpose

- Voice of London business and the premier sounding-board for engagement with businesses in the capital.
- We are the capital's largest independent business network and we enable businesses to work together in order to prosper individually and contribute to the collaborative economy of London, and ultimately to that of the UK.
- We help to create and maintain London's position as the world's most dynamic, connected, equitable and sustainable city in which to work, live, and visit.
- We promote and support London not just as a large full-spectrum economy and as capital of the UK, but as a global city responsible for the defence of free and fair trade and the promotion of peace.

Our Values

CONNECT. INFLUENCE. SUPPORT

Our values are held by the LCCI as an organisation and by our members and staff, collectively and individually.

- Integrity our work must be held to the highest standards of probity and honesty
- Objectivity our views and policies are based on transparent, verifiable, and accessible evidence gathered and analysed in accordance with best practice
- Accountability we take responsibility for our actions and our words
- Trust we treat colleagues and business partners with the respect they deserve
- Openness we are transparent about our decisions, intentions, and processes
- <u>Collaborative</u> we promote our values through the collaborative economic endeavour of the LCCI community
- <u>Diversity and inclusion</u> we work to create positive opportunities to give Londoners an equitable opportunity to contribute to, and share in, the prosperity of our city.
